Installing the Sasoon Fonts on a Mac.

Steps
1. Logon to the Macbook
2. Double click on the staffshare icon. It could take up to a 30 seconds to open.
3. Navigate to the Folder called Sasoon Fonts and open it.
4. Double click on the first file which end with .TTF

5. A window will open displaying the font. Click on Install Font.

6. Repeat the above process for the remaining 3 versions of the Sasoon Font. If you select a file with a different extension besides .TTF, it will not work.
7. Shutdown and restart the machine and the fonts will now be in all programs on the Mac.

Below is a short youtube video on how to install fonts on a mac
